

## SPORT CLIPS® REVIEWS POLICIES

We'll remove content that violates any of the content policies below:

1. **Advertising:** Don't use reviews for advertising, such as adding links to other websites or phone numbers. Reviews should be a genuine reflection of your experience with our location.
2. **Spam:** Don't spam. Write a genuine report of your experience with our location. Don't include promotional / commercial content, don't post the same content multiple times and don't write reviews for the same place from multiple accounts.
3. **Phone numbers, email addresses, or URLs:** To help prevent advertising and spammy reviews, we don't allow phone numbers, email addresses, or links to other websites in reviews.
4. **Off-topic reviews:** Don't post reviews based on someone else's experience, or that are not about the specific place you're reviewing. Reviews aren't meant to be a forum for general political or social commentary or personal rants. Furthermore, please ensure you review the intended location. Reviews for incorrect locations will be removed.
5. **Keep it clean:** Don't use obscene, profane, or offensive language. We'll also remove reviews that represent personal attacks on others.
6. **Conflict of interest:** Reviews are most valuable when they are honest and unbiased. If you own or work at a store, please don't review your own business or employer. Don't offer or accept money, products, or services to write reviews for a business or to write negative reviews about a competitor. If you're a Team Leader, don't set up review stations or kiosks at your place of business just to ask for reviews written at your place of business.
7. **Illegal content:** Don't post reviews that contain or link to unlawful content, like links that facilitate the sale of prescription drugs without a prescription.
8. **Copyrighted content:** Don't post reviews that infringe others' rights - including copyright.
9. **Sexually Explicit Material:** We don't allow reviews that contain sexually explicit material. Also, we absolutely don't allow reviews that sexually exploit children or present them in a sexual manner. For this type of content, we'll remove the review and send a report to the National Center for Missing & Exploited Children (NCMEC) and law enforcement.
10. **Impersonation:** Don't post reviews on behalf of others or misrepresent your identity or connection with the place you're reviewing.
11. **Personal and confidential information:** Don't post reviews that contain another person's personal and confidential information, including credit card information, government identification number, driver's license information, etc.
12. **Hate Speech:** We don't allow reviews that advocate against groups of people based on their race or ethnic origin, religion, disability, gender, age, veteran status, sexual orientation, or gender identity.
